Don't Put it off This Year

Just Keep Talking

Happy New Year!

There is nothing like ending the holidays and starting a brand new calendar. (Which by the way, we have quite a few left if you didn't pick yours up yet. Call us if you can't get out and we will get it to you.)

We at Sanders-Hasty are looking forward to continuing to serve you in the coming year and years. We Sincerely Thank You for your past patronage. May 2012 bring nothing but the best for you and your family for health, wealth, and happiness!

Did You Know That...

You don't have to provide your zip code, phone number or other personal information to cashiers. According to Kiplinger's Personal Finance, the only time this information is required is when a salesclerk can't compare your signature to the one on your credit card, such as at the gas pump or when making purchases online.

For your health. Tetanus shots are not just for puncture wounds. Tetanus bacteria live in dirt and can get into the body through cuts-although it is harder for them to grow in an open scrape than in a deep puncture wound. According to William Schaffner, MD professor and chair of the department of preventive medicine at Vanderbilt School of Medicine, if you haven't had a tetanus booster in 10 years, you are due one, even if you are not injured. Talk to your Doctor on your next visit.

Show Me the Money

We have a lot of "fender-bender" claims that are the result of two parties backing up at the same time in parking lots. If it ever happens to you, remember to see other party's license and insurance card and take down the information correctly. It is not necessary to call the police, unless there is an injury, but it is important to exchange information. Make us aware and at your earliest convenience get an estimate from your body shop. You only need one estimate.

At Sanders-Hasty it is not the PREMIUM you pay, but the VALUE you RECEIVE.

Don't Put it off This Year

If you have been putting off getting your affairs in order, make this the year you do it.

Review your life insurance, making sure you have the proper beneficiary designations. Write or review your will and trusts, and investigate the options regarding your long-term care.

We can help. We have access to specialists in many areas that can answer your questions at no charge. Make 2012 the year you take care of it. It will be much more important to your family than losing 10 lbs.

Just Keep Talking

Our Grand Prize winner in the "Just Keep Talking" contest for 2011 is **Melba Smith**. She was a little camera shy and that is okay. She was very happy to win the \$400 and we were happy to award it to her. In our next newsletter we will tell you the winners of the \$40 for January and February. It could be YOU! Just tell your friends to give us a call. While we never guarantee we can save everyone big money on their premiums, the last new clients we've added in November and December all saved in excess of \$600 a year with increased benefits.

Remember if you would like to have us contact you by email just send us your address to info@sandershasty.com.
