ATTENTION HOMEOWNERS!

Planning on adding a new deck, swimming pool or room addition this summer? Be sure and let us know so we can add the coverage to your policy. The premium will be minimal for the added coverage and is most important that we know. Especially if adding a pool, you should increase your liability limits and add an umbrella. You are proud of your pool, but they also can be an attractive nuisance.

Crazy Credit Card Crimes

There is an old saying "You can't fix stupid" Here is an example of a stupid credit card theft.

In March 2010, Jennifer Mercado was sitting on a Bronx, N.Y. jury in a credit card theft case when her role shifted from juror to defendant. The prosecutors trying the case against a man accused of grand larceny in possession of a stolen credit card turned the table and charged Mercado with similar crimes.

She was arrested and jailed midtrial, accused of stealing a fellow juror's credit card and embarking on shopping sprees during lunch breaks.

Prosecutors say they caught Mercado through store security videos after the other juror reported his card stolen and that charges on his statement corresponded to the stores from which Mercado had returned to the courthouse with shopping bags.

If you are concerned about identity theft, give us a call that coverage is available on your homeowners insurance.

Interest Rates on Annuities

Interest rates are still holding at 3-3.50% depending on amounts deposited, but the last 3% minimum lifetime guarantee contract is ending May 15th. Call us if you want to lock in this guarantee.

Did you ever think rates would be and stay this low this long?
